**Subject:** DOORSTEP COLD CALLING BY IRISH POWER WASHING COMPANY

Torpoint Town Council,  
Please see attached photo, re vehicle used by power washing company 22/05/24, @1700, on my parents driveway.

My concern is the doorstep cold calling by these people on vulnerable people within Torpoint.

This occurred to my parents, who whilst not unhappy with results, I know the cost was far too high for what was done and really didn't require doing at all.

Please could this be forwarded for intel and a warning to others to be on their guard against these types of operators.

Kind regards  
Phil Dearden
