Subject: Questions about public transport in South East Cornwall

Information Classification: CONTROLLED

Dear clerks

One of the issues that the South East Cornwall transport & connectivity working group is reviewing, and looking for solutions to, is public transport and have two questions that they would welcome feedback from the town and parishes in the area, namely:

- In order to understand the barriers local communities face when trying to access public transport, what are the main issues your community faces?
- Is there is a community or parish newsletter/magazine for your town or parish and if so would the inclusion of local/public transport routes and timetables in that be worth considering?

I look forward to hearing from you.

With thanks and regards

Catherine
