

Introduction and background

Following receipt of correspondence from Gemma Lee, extract from the minute number 13-24 of the D&L Committee meeting held 2nd May 2024:

Following receipt of the correspondence Councillor Mrs. L Fellows asked whether there is an update on when the council is looking to undertake phase II of the planned improvements to Cambridge Field, highlighting that inclusive play park equipment was planned to be included in the phase II improvements. Following discussion, and to answer Councillor Fellows' question, members were keen to consider the purchase and installation of an inclusive / wheelchair user park swing, at Cambridge Field. At this early stage, the Chairman/Clerk are tasked with making enquiries about costs, looking at where similar equipment has been installed. Clerk to respond to the correspondent thanking her for bringing her sons situation to the attention of the council.

Initial Meeting

A meeting was arranged at the library and community hub, with Cllr Lizeta Fellows, Community Hub and Development Manager, Operations Manager and Clerk, held on Thursday 23rd May with Gemma Lee. As Mum of Archie, Gemma spent a considerable amount of time telling us about Archie's physical needs and how he feels left out and unable to play with his friends at the local park. Borough Park Play park is the nearest park to where they live, and Gemma understands that any equipment, which may be installed, would more than likely be placed in Cambridge Field, as this has more space, an accessible path and could also be used by the students' at Oakwood College.

Grant Funding & council funding opportunities

Funding opportunities has been discussed, here are some suggestions:

1. List from Michael at Sports and Play Consulting (as attached).
