How is it that other community groups get support but we don't?

It states with Torpoint town Councils strategy:

- Community

To put the community at the heart of everything we do, providing opportunities for our residents,

Community groups and businesses, where no-one gets left behind.

However, this is not the case for us.

How is it that councillors and mayor's attend other community events but never one of ours ?

How is it that beat4autism is supported by many external organisations to Torpoint, agencies, HMS Raleigh, HMS Drake to name a few, yet TTC don't support at all ?

Don't you think as a council this shows a non inclusive approach ?

Does the town Council actively support all organisations in Torpoint ?

If so, what and how is this determined ? If not, how do they choose the organisations they support and is there a selection process in place?

You have given these residents a public platform in order to air their issues, yet as a council you have been made aware of these vexatious accusation for 3 years now, lizeta has provided all evidence

previously to defend her and the business. What have you done as a council to support this local business that provides much needed support for our residents in our community and put a stop to these vexatious claims and complaints ?
