**Subject:** Memorial Plaque

Dear Milly

Further to recent conversations with the recently and suddenly bereaved Mrs Stockton (top of Carbeile Road) she would like to have a memorial place in memory of her husband Brian.

Being mindful of the Council already having a lot of memorial benches as assets I would like to ask the Council if it would consider refurbishing, as necessary, the current bench at the end of the green at Chapeldown Road and hosting a plaque on it.

If this is acceptable Mrs Stockton would be very happy with this as somewhere for her and her son and daughter to sit and reflect.

Let me know if you require any further information.

Regards  
Julie
